YEARS

TRUE DIMENSIONAL SOUND

HAND-BUILT IN USA

EST. 1937

MAGNATONEUSA.COM

THE HISTORIC AMP, MAKING HISTORY AGAIN.

The classic, vintage tube amp of yesterday is back — made by hand, played by superstars.

Magnatone's invention of the electrical vibrato amplifier circuit in 1957 was, and remains, the standard for true pitch shifting effects. Today's line of Magnatone models incorporate that same vibrato circuitry which, as experts know, includes silicon carbide varistors, as well as vacuum tubes, to achieve the "True Dimensional Sound" for which Magnatone is famous.

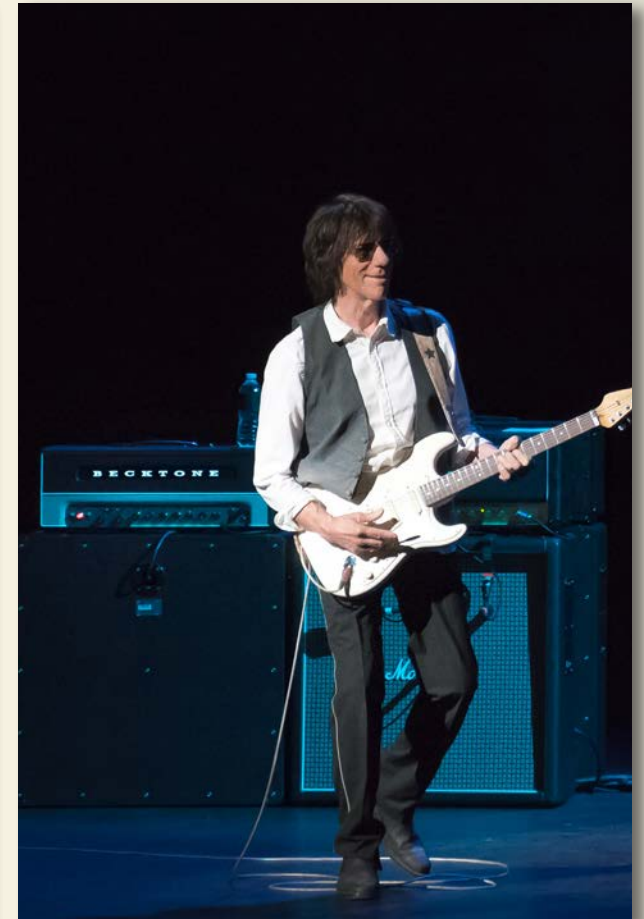

Neil Young, Billy Gibbons, Jeff Beck, and countless others affirm that after years of R&D, artist input, and rugged testing, the best amp you can buy has arrived. No other amplifier has the blend of rich history and modern engineering that you find in the all American-made Magnatone.

A BRAND SUPPORTED BY NATIONAL ADVERTISING...

NO AMP IS BETTER MADE. OR PLAYED.

This 22-watt tone machine sounds as good as it looks. Hand made and wired in America, The Twilighter features 6V6 power tubes, a 6Z3 rectifier tube, and is available in either a single 12" or a twin 12" stereo combo. Featuring our patented pitch-shifting varistor vibrato, plus reverb and tremolo, you can dial in your tone with ease and simplicity. Like Buddy Holly 50 years ago, and many legends you know today, Magnatone is heard in the rich, lush music of the masters. Find out who at Magnatoneusa.com/artists. The Magnatone Twilighter. Inspired by 1958. Made even better in the 21st century.

FROM BUDDY TO BILLY.

Buddy Holly. Billy Gibbons. Two legends who span the timeline of rock and roll with the same classic amp: Magnatone.

In the Master Collection, vintage American tone meets British rock and roll. Rich black levant covering and wheat grill cloth only hint at what went into the engine of this 45-watt powerhouse. Models feature either EL34 or EL84 power tubes, and Master Volume makes it fast and easy to dial in your tone. And like all Magnatones, it's made in the USA.

Buddy and Billy found their sound in Magnatone. Other guitar masters have too. Find out who at Magnatoneusa.com/artists.

HERE, VINTAGE ISN'T JUST A WORD. IT'S AN AMP.

Magnatone was making amps before the phrase "vintage amp" was ever uttered. And the Studio Collection amps are vintage at its purest. Hand-built, tube-driven amps that pack the sound of early Rock and Roll in an amp so lightweight, it defies its own power. This is fat, rich, colorful tone, wrapped in sturdy, elegant cotton textile croc. All under a hand-crafted leather handle made with the same attention to detail as the hand wiring beneath it. Think 1958 with improved power for today. The Magnatone Studio Collection. No wonder it looks, plays and sounds like 1958. We were making them back then, too.

THE PANORAMIC. TAKING "TRUE DIMENSIONAL SOUND" TO A WHOLE NEW DIMENSION.

Now all that wide, warm stereo sound of a genuine Magnatone is available in a lighter, compact 2x10" solid pine speaker cabinet. The Panoramic Stereo™ is powered by two pair EL-84 tubes, 15 + 15 watts, and Varistor Pitch Shifting Vibrato that we pioneered over 50 years ago. Add a deep and lush Accutronics™ reverb, tremolo, and you have infinite combinations of tone possibilities at your fingertips. This is the amp with the big sound that's easy to carry. Also available with 1x12 external speakers. Magnatone Panoramic Stereo.

The latest dimension in True Dimensional Sound.

THIS SHOULD GIVE YOU A HANDLE ON OUR OBSESSION WITH QUALITY.

We build Magnatone amps with an attention to detail you just don't see in gear today. Inside you'll find all tube-powered masters of tone, each hand wired, one at a time, featuring our patented pitch shifting varistor vibrato. On the outside there is classic vintage brown or black luxurious cotton covering, with gold and silver plated chevrons. All under a handle of saddle leather made by Amish craftsmen. This is the original vintage brand. See all our amps and complete specs at magnatoneusa.com.

...DEALER SUPPORT NATIONAL ADVERTISING...

MAGNATONE'S BACK.

We've turned around this Twilighter Stereo so you can see what's behind True Dimensional Sound. Pitch-shifting vibrato is just the beginning. Add all the features above plus a two-button foot switch with 20 foot cable, standard. A luxury amp cover made of the same material used by Rolls Royce, also standard. Remote speed pedal and custom heavy-duty road case optional. Designed and hand-built in the USA, and available as head or combo. Also try the Panoramic Stereo, our lower power version at 15 + 15 watts.

The original boutique, vintage amp was Magnatone. And it's back.

“RETAIN
THE
GAIN
OR *FEEL* THE
PAIN.”

[Signature]

LONG BEFORE WE INTRODUCED OUR FIRST AMP, BILLY WAS THERE TWEAKING OUR TONE, PERFECTING THE LOOK, AND ENSURING THAT MAGNATONE WOULD LIVE UP TO ITS NAME. WHEN HE TOLD US, “RETAIN THE GAIN OR FEEL THE PAIN,” HE WAS DEMANDING SEPARATE GAIN AND MASTER VOLUME CONTROLS. WE LISTENED.

THANK YOU, BILLY, THE FATHER OF OUR MASTER COLLECTION. CONGRATULATIONS ON THE 50TH ANNIVERSARY OF ZZ TOP.

Switchable to Conventional Tremolo

SPEAKERS Magnatone Custom 12", Ceramic Magnet,
Made by WGS in the USA

OPTION Available as Head and 2 x 12" Extension Cabinet

SUPER FIFTY-NINE MK II®

THE STACK IS BACK. IN THE VERSATILE MK II.

FEATURES

The 4 bridgeable inputs and 2 volumes, bright and normal, provide wide tonal versatility. The master volume and classic british 4 band tone stack deliver classic '70s crunch tone at any volume. Add in your favorite effects with the all tube buffered effects loop to expand the possibilities even further. All this with Magnatone's exclusive Varistor Pitch Shifting Vibrato. If there ever was a "Super-Vibe" this is it.

Available in the standard black and silver cosmetic or the Limited Edition Cream "Perfectumundo" cosmetics.

TECH SPECS

TUBE COMPLEMENT (4) 12AX7, 12DW7, (2) EL34

POWER OUTPUT 45 Watts Push-Pull Class AB

PRESENCE 8 dB range at 5kHz

VIBRATO True Pitch Shifting Varistor Vibrato
Switchable to Conventional Tremolo

SPEAKER Magnatone Custom 12", Ceramic Magnet,
Made by WGS in the USA

OPTION Available as Head or 1 x 12" Combo

TUBE COMPLEMENT (3) 12AX7, (2) EL84

INPUTS High Gain and Low Gain

POWER OUTPUT 15 Watts Push-Pull, Class AB;
Buffered Effects Loop; Speaker Emulated Line Out and
Headphone Jack

GAIN High Gain Input 93 dB, Low Gain Input 80 dB

TREBLE 14dB range at 2kHz

MID 10dB range at 900 Hz

BASS 12dB range at 60 Hz

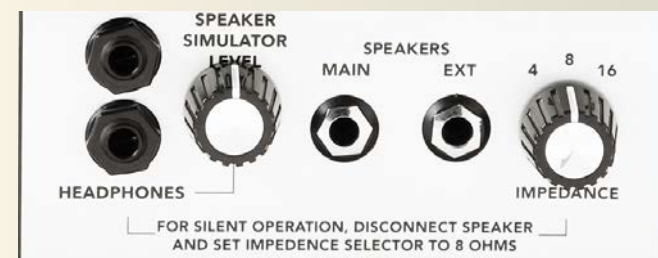

PRESENCE 8dB range at 5kHz

POWER CONSUMPTION 100 Watts

FUSE T2L 250V (100-120VAC)
T1L 250V (220-240VAC)

DIMENSIONS: 21x9.5x19

WEIGHT: 36 lbs.

TUBE COMPLEMENT (4) 12AX7, (2) EL34

INPUTS High and Low Sensitivity

POWER OUTPUT 45 Watts Push-Pull Class AB

EFFECTS LOOP All Tube Buffered Send and Return

GAIN Ch 1 80 dB, Ch 2 93 dB

TREBLE 14dB range at 2kHz

MID 10dB range at 900 Hz

BASS 12dB range at 60 Hz

PRESENCE 8dB range at 5kHz

POWER CONSUMPTION 150 Watts

FUSE T3L 250V (100-120VAC)
T1.6L 250V (220-240VAC)

DIMENSIONS: 26x8.5x10.5

WEIGHT: 35 lbs.

TUBE COMPLEMENT (5) 12AX7, 12AU7, 12DW7,
(2) EL34, GZ34

INPUTS High and Low Sensitivity

POWER OUTPUT 45 Watts Push-Pull Class AB

TREBLE 14 dB range at 2 kHz

MID 10 dB range at 900 Hz

BASS 12 dB range at 60 Hz

PRESENCE 8 dB range at 5kHz

VIBRATO True Pitch Shifting Stereo Varistor Vibrato

Switchable to Conventional Tremolo

SPEAKERS Magnatone Custom 12", Ceramic Magnet,

Made by WGS in the USA

OPTION Available as Head and 2 x 12" only
